

Transparency Report — Updated Template

Now includes: age verification policy · youth platform statement · terms compliance · AI content policy

This is an updated version of the senseUS Transparency Report Template, adding four new sections: Age Verification & Minor Protection, Youth Platform Statement, Terms of Service Compliance, and AI Content Moderation Policy. All previously documented sections remain unchanged.

New Section — Age Verification & Minor Protection

senseUS is an 18+ platform. This section documents our age enforcement practices for each reporting period.

metric	this period	all time	notes
Age gate checks completed	[#]	[#]	Every signup attempt passes DOB check
Under-18 attempts blocked at age gate	[#]	[#]	Date of birth not stored after check
Accounts suspended — age violation	[#]	[#]	Reported by community or detected by system
Age-related appeals received	[#]	[#]	Users claiming wrongful age block
Appeals upheld (account reinstated)	[#]	[#]	User confirmed 18+ with supplementary info

Age enforcement methodology

- **Date of birth gate**
 - **Terms of service confirmation**
 - **Phone number filtering**
- Every new signup is blocked immediately until the user confirms they are 18+.

All users must accept the Terms of Service when they create a second account.

We use Twilio Lookups to verify phone numbers. Numbers flagged for additional verification are blocked until the user provides a valid number.

- Community reporting
- Proactive detection
- Data minimization

Verified users can
within 24 hours.

New Section — Youth Platform Statement

senseUS is committed to eventually creating a safe, age-appropriate experience for young people. This section documents our current position and plans.

item	current status	target timeline
senseUS main platform — minimum age	18+	permanent
senseUS Youth — dedicated platform for under-18	in planning	post phase 2 (~100K users)
Parental consent infrastructure	not built	required for youth launch
COPPA compliance review	not started	pre-youth launch
UK Children's Code compliance	not started	pre-UK youth launch
Youth waitlist / interest capture	senseus.app/youth	active now

New Section — Terms of Service Compliance

This section documents enforcement of our terms of service during the reporting period.

violation type	warnings issued	suspensions	permanent bans
Multiple account creation	[#]	[#]	[#]
Automated voting / bot activity	[#]	[#]	[#]
Age policy violation (under 18)	[#]	[#]	[#]
Community guidelines violation	[#]	[#]	[#]

Coordinated inauthentic behavior	[#]	[#]	[#]
Total	[#]	[#]	[#]

New Section — AI Content Moderation Policy

senseUS uses AI for question generation and content moderation. This section documents our policy for managing AI-related conflicts of interest and bias.

this period	count / result
Questions authored by humans	[#] ([%] of total)
Questions AI-assisted, human approved	[#] ([%] of total)
Questions about AI — human only	[#]
AI moderation decisions on AI-related replies	[#]
AI decisions overridden by human moderators	[#] ([%] override rate)
Bias audit conducted this period	yes / no
Bias detected	none / minor / significant

- - AI-generated questions about AI are prohibited
- - AI moderation of AI-related replies is flagged for human review
- - Quarterly AI bias audit
- - AI bias audit results — this period
- - AI question generation disclosure
